SU-PER[®] B-Oil

Liniment, Brace, and Body Wash!

Relieves sore muscles, joints, and connective tissues by stimulating circulation. B-Oil has soothing and cooling action with a refreshing scent.

Compare to Bigeloil[®]!

When you are looking for a versatile, effective, and easy to use liniment for your active equine athlete, *SU-PER[®] B-Oil* is an excellent choice. This product was based on the classic Bigeloil[®] liniment, but at a much more economical price. *SU-PER[®] B-Oil* takes on many roles around the barn, and can be used in a variety of situations.

SU-PER[®] B-Oil is soothing and refreshing rub, that quickly stimulates superficial circulation to aid in reducing stiffness and soreness after exercise. Fatigued or strained muscles are soothed and relaxed, helping recovery from intense training and competition.

You can rub *SU-PER[®] B-Oil* into sore areas 2-3 times a day. If you choose to wrap or blanket the area for more prolonged relief, avoid rubbing first - just apply and wrap. Also, if you are using ice or cold therapy, you can follow up a 20 minute cold treatment with an application of *SU-PER[®] B-Oil* to help draw circulation back into the area to avoid stiffness.

After exercise, *SU-PER[®] B-Oil* can be mixed with water to create a body wash to help cool down, as well as to wash away sweat and dirt. Adding just a few ounces to a gallon of water can help offer minor relief to a hot and tired horse.

And for overheated horses and after particularly intense exercise, you can use *SU-PER[®] B-Oil* as a body brace. Rinse your horse as normal and sweat scrape water away, then follow up with a few ounces of *SU-PER[®] B-Oil* mixed into a quart of water. Apply with a sponge, but don't rinse - allow this brace to cool the skin and soothe sore muscles as it dries.

And before competition, a quick rubdown with *SU-PER[®] B-Oil* can help warm up tight muscles to lessen the chance of strains. *SU-PER[®] B-Oil* really does do it all when it comes to muscle soreness!
