SU-PER[®] Bye Fly Natural

Shoo 'Em Away Naturally!

SU-PER[®] Bye Fly Natural is one of the first natural fly sprays to combine the powerful benefits of **Citronella, Lemongrass, Rosemary, Neem Oil, and Geraniol Oil** for effective, plant-based insect protection.

This unique formula helps repel stable flies, horn flies, house flies, face flies, horse flies, deer flies, mosquitoes, gnats, and other flying pests—without the use of harsh chemical pesticides.

Key Benefits

- Repels stable flies, horn flies, house flies, face flies, horse flies, deer flies, mosquitoes, and gnats.
- Made with natural oils including Citronella, Lemongrass, Rosemary, Neem Oil, and Geraniol.
- Free from DEET, permethrin, pyrethrin, and other harsh chemical pesticides.
- Non-toxic, non-irritating formula safe for frequent use.
- Water-based and eco-safe.
- Safe around children, pets, and horses with sensitivities.
- Can be applied daily and reapplied as needed for continued protection.
- Pleasant natural scent with effective plant-based insect deterrence.

Key Ingredients & Their Functions

Citronella: A natural insect repellent commonly used to help deter flies, mosquitoes, and other flying insects.

Lemongrass: Provides insect-detering properties with a fresh scent.

Rosemary: Helps repel pests while supporting overall skin health and comfort..

Neem Oil: Traditionally used to repel biting insects and help support healthy skin..

Geraniol Oil: A plant-based compound known for its effectiveness in repelling flies, gnats, and other nuisance insects.

Usage Recommendations

- Apply generously to the horse's coat, mane, and tail before turnout or riding.
- Reapply every 6–8 hours when possible for optimal protection.
- During periods of heavy insect activity, apply as needed throughout the day.
- Safe for daily and repeated use.
- Ideal for horses that are sensitive to harsh chemical fly sprays.

As with any natural fly spray, the protective effects of natural oils do not last as long as conventional chemical pesticides. For best results, reapply every 6–8 hours when possible or use during the times of day when flies are most active.

For enhanced, around-the-clock pest management, consider pairing **SU-PER® Bye Fly Natural** with **SU-PER® Bug Away**, our daily feed-through supplement. Together, the two products provide comprehensive fly control and can deliver excellent results throughout the entire barn- even in challenging insect conditions.

Natural protection. Effective results.

Peace of mind for you, your horse, and your entire barn.

LIQUID

1 Quart with Sprayer

1 Gallon Refill

Shake well before each use!

DIRECTIONS:

Apply by either soft cloth or fine mist spray.
(We sell a quart size which is a refillable spray bottle.)

AS A WIPE-ON: Brush animal to remove excess dirt and dust. Moisten a soft cloth (but do not wet to the point of dripping) and rub over the hair. It is best to apply by rubbing against the hair growth. Give special attention to the legs, shoulders, shanks, neck, and facial areas where flies most often are seen. Only light application is required. Avoid using excessive amount on your horses. Do not wet the skin.

AS A SPRAY: May be applied as fine mist spray to stable area and over and around stabled horses.

For Equine Use Only.
