SU-PER[®] Chasteberry

Supports Normal Balanced Behavior in Mares!

Supports healthy
pituitary gland function,
hormone regulation in mares,
and normal shedding.

Key Benefits

- Helps maintain a **calmer, more even temperament**, especially during hormonal fluctuations
- The pituitary is the “**master gland**” for hormone regulation, so supporting it helps stabilize many body systems
- Useful for mares and geldings needing support for **mood, behavior, or endocrine balance**.
- Beneficial for horses that struggle with **seasonal coat changes**
- Supports **metabolic function** including glucose metabolism and insulin sensitivity
 - Supports **kidney and digestive system health** and helps maintain overall internal balance
- Helps maintain normal cortisol levels. Cortisol is the stress hormone; balancing it can reduce anxiety, weight gain, and metabolic issues.
- **Sugar-free** and safe for horses on low-carb or metabolic diets.

Active Ingredient & Functions

CHASTE BERRY EXTRACT is an **adaptogenic herb**, meaning it helps the body maintain balance under stress.

The functions of Chasteberry include:

Hormone Regulation

Supports normal Hormone Production and Balance.
Helps stabilize mood and behavior linked to hormonal fluctuations.

Pituitary Gland Support

Enhances Dopamine activity, which signals the pituitary on how much of each hormone to produce. Helps regulate hormones that influence Metabolism, Shedding, and Stress Response.

Cortisol Balance

Helps maintain normal Cortisol levels.
Useful for horses experiencing Chronic Stress, Anxiety, or Metabolic Challenges.

Metabolic Support

Assists with Insulin Sensitivity, Glucose Metabolism, Weight Management

Behavioral Support

Commonly used to help mares with Moodiness or Irritability.
Also supports a calm demeanor in geldings.

Available in LIQUID

Water Base - Cherry Flavoring

Quart - 32 servings Gallon - 128 servings

*Supports healthy pituitary gland function,
and hormone regulation in mares!
Also supports normal shedding!*

DIRECTIONS FOR USE:

For hormonal support in mares:

Give 1 to 2 ounces daily.
(Or you can give 1/2 or 1 tablespoon
per 250 pounds of body weight daily.)

For metabolic or pituitary gland support:

Give 1 ounce twice daily.
(Or you can give 1/2 tablespoon
per 250 pounds of body weight, twice daily.)

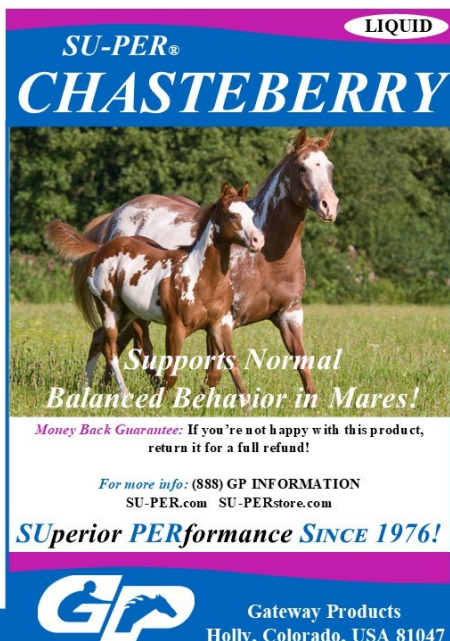

Shake well before using.

CAUTIONS: An examination from a veterinarian is recommended prior to using this product. If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. Do not give in combination with Prascend (Pergolide), as chasteberry can reduce its effectiveness.

For Equine Use Only.
