SU-PER[®] Muscle Builder

Training and Performance Support for Exercising Muscle!

Helps maintain proper body composition and promote healthy muscle tissue.

SU-PER[®] Muscle Builder is designed to build and maintain lean muscle while decreasing overall body fat. Our exclusive formula combines the all-natural, drug-free, muscle building properties of pure Gamma Oryzanol with specific bio-available Amino Acids to produce results like no other muscle product on the market today.

To ensure optimum amino acid utilization, ***SU-PER[®] Muscle Builder*** includes Arginine, Glycine and Proline, as these amino acids create a positive nitrogen balance within the muscle tissue. Creating this nitrogen balance increases the body's ability to absorb Branch Chained Amino Acids (BCAA's) Leucine, Isoleucine, and Valine. BCAA's are critical in forming new lean muscle tissue, and are included in ***SU-PER[®] Muscle Builder*** as well.

Gamma Oryzanol is key to this product's results, and our Gamma Oryzanol is the highest quality available. Gamma Oryzanol is a compound containing more than 10 components to help the body utilize and absorb proteins more efficiently, support metabolic health, provide anti-oxidant protection, help manage stress during competition or travel, and most importantly help the body build lean muscle mass.

Gamma Oryzanol is extracted from rice bran, but you would need to feed up to 10 ounces of premium quality rice bran oil to equal a 1 ounce serving of ***SU-PER[®] Muscle Builder*** for just the Gamma Oryzanol content alone.

The results of this product are highly dependent on how active your horse is during supplementation, so the more exercise they can get the better. We also recommend feeding a good quality diet during supplementation to increase effectiveness, and maintain at least a 14% protein content whenever possible.

If you are preparing your horse for competition or for show or sale, the best results are seen when ***SU-PER[®] Muscle Builder*** is fed for 4 weeks or more. ***SU-PER[®] Muscle Builder*** is available in both powder or liquid to suit your needs, and both offer amazingly similar results.

LIQUID
Quart - 32 servings
Gallon - 128 servings

Helps maintain proper body composition and maintains healthy muscle tissue!

DIRECTIONS FOR USE: SHAKE WELL BEFORE USING. Best results are seen with regular exercise and a diet consisting of no less than 14% protein. **Yearling, Seniors, and Horses recovering from illness:** Give 1 ounce daily. **Horses in Training, Competition, Work, Show, or Sale:** Give 1 ounce twice daily.
 (NOTE: If the horse is over 1,200 pounds, give 1½ ounces twice daily.)

CAUTIONS: Take time to observe label directions. Safe use in pregnant animals or animals intended for breeding has not been proven. Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset.

For Equine Use Only.
