SU-PER[®] Neatsfoot Oil

An Effective Preservative for Leather Tack and Equipment!

A natural preservative and softener for leather products which are subjected to rugged use and exposure. May be used on all leather goods. All natural, pure Neatsfoot Oil. Repels water. Protects against stiffening. Restores natural pliability.

SU-PER[®] Neatsfoot Oil is an effective preservative for leather tack and equipment.

Neatsfoot Oil works by replacing the natural oils in the leather that evaporate over time, or when the leather is subjected to harsh conditions.

Regular application of *SU-PER[®] Neatsfoot Oil* can extend the lifespan of your leather goods, and help maintain the supple, pliable, resilient texture of leather.

It is an economical yet effective way to maintain all of your leather to extend it's usefulness.

Use *SU-PER[®] Neatsfoot Oil* to soften, preserve, renew, and create more water-resistant leather.

LIQUID *Quart Gallon*

How use SU-PER Neatsfoot Oil: Be sure to test on a small, hidden area to determine if you are happy with the slight darkening often brought about by the use of Neatsfoot Oil.

Do not apply in heavy or thick layers. Put a small amount of Neatsfoot Oil onto a very soft cloth. Quickly rub it into the leather, cover as much area as you can. Keep adding more Neatsfoot Oil in small amounts until you have covered the entire surface of your item. Once it has been applied, use another clean, soft cloth and rub briskly to remove excessive oil. This will bring out a shine, and your item will dry quickly, will look great, and will have a perfect, water-resistant finish!

Often used on wood also, look it up!
