SU-PER[®] PulmoShield

Helps Support the Normal Integrity and Function of the Lungs!
SLOW DOWN the Bleeding - SPEED UP the Horse

Exercise Induced Pulmonary Hemorrhaging

is common in performance horses, even when no visible signs are present.

SU-PER[®] PulmoShield is designed to nutritionally support healthy lung function, circulation, and capillary integrity to help horses perform at their best.

SU-PER[®] PulmoShield is a daily nutritional supplement formulated to support normal pulmonary and respiratory function while promoting healthy circulation. Featuring a blend of vitamins, minerals, and concentrated herbal extracts, it helps maintain strong, resilient capillaries and supports optimal oxygen delivery for performance horses.

Key Benefits

- Supports normal pulmonary and respiratory function.
- Helps maintain healthy, strong capillaries in the lungs.
- Supports normal blood pressure and healthy circulation.
- Promotes efficient oxygen and nutrient delivery.
- Helps maintain stamina and endurance during exercise.

Key Ingredients & Their Functions

Concentrated Herbal Extracts

Help support healthy blood pressure, circulation, and capillary strength.

Vitamins & Minerals

Provide nutritional support for healthy blood vessels and normal respiratory function.

Support Nutrients

Help maintain capillary flexibility and promote efficient oxygen transport throughout the body.
